

Safety and Cleaning Instructions for the LIINI Sleep Aid

Dear Customer,

Thank you for choosing our sleep aid. We place great importance on your safety and the well-being of your family.

To ensure that you can use the sleep aid safely, it is important to carefully follow the safety and cleaning instructions below. **Improper use can pose serious risks!**

Handling & General Information

We have deliberately chosen not to include printed instructions and instead provide all information digitally—this ensures it's always up to date while also helping to protect the environment.

Please take a moment to read these instructions. Proper use ensures that your baby **can fall asleep peacefully and safely at all times and that you'll enjoy the product for a long time to come.**

General Safety Instructions (GPSR)

Your baby's safety is our top priority. Please read the following instructions carefully and keep this manual for future reference.

- The Sleep Aid 2.0 is **not a toy** and must not be used by children for play.
- The Sleep Aid and the wrist strap must **never** be placed or attached **in a crib, bassinet, or within the child's immediate reach**. There is a risk of strangulation and injury.
- Use the device exclusively to play soothing sounds and lullabies.
- The device must **not** be **held underwater** or submerged in water or other liquids.
- Do not use the sleep aid if it shows visible damage or is not functioning properly.
- Never open the housing yourself. Repairs may only be performed by LIINI GmbH or authorized technicians.
- Do not expose the device to extreme temperatures, direct sunlight, open flames, or high humidity.
- Charge the device exclusively with the **included USB-C charging cable**.
- Do not use the device in a humid environment while it is charging.
- The product contains a built-in lithium-ion battery. This battery must not be opened, damaged, burned, or heated above 60 °C.
- At the end of its service life, dispose of the device in accordance with local regulations for electronic devices and lithium-ion batteries.
- Keep packaging materials away from infants and young children. There is a risk of suffocation.

Intended Use

The LIINI® Sleep Aid 2.0 is intended exclusively for playing soothing sounds and sleep sounds. The product is designed to help create a pleasant sleeping environment and is not a substitute for adult supervision or medical or therapeutic aids. Any other use or use beyond this is considered improper.

Hearing Protection

The hearing of infants and toddlers is particularly sensitive. Therefore, use the LIINI® Sleep Aid 2.0 only at a low, comfortable volume. The sound should be just loud enough to create a soothing sleep environment without drowning out the child's own sounds.

Do not place the sleep aid directly next to the child's head or ears. We recommend a minimum distance of 50 cm from the sleeping area.

Exposure to excessively high volume over a prolonged period or placing the device too close to the child can cause permanent damage to their sensitive hearing. The person responsible for supervision is accountable for ensuring a safe volume and proper placement.
